### BUSY DAY IN THE AUTO CITY.

MOST ORIGINAL OF ALL SHOWS, SAYS AN EXPERT.

#### Many Notables in the Garden-How the Horseless Vehicle Can Be "Doped" Word Received of a Fast Mile in Florida-Show Will Be Held in Chicago

With the time drawing near for the enampment to be moved from the metropolis o Chicago, the sixth day in the auto city in Madison Square Garden was a busy one, visitors and exhibitors were hurrying to make up for time lost. The inclement weather did not keep the crowds away. either day or night, and in all the aisles of he main floor, in the galleries, the restaurant and cellar were throngs of people inestigating the newest improvements in the atest vehicle of locomotion.

The almost total elimination of the merely urious element from the attendance has been one of the astonishing features of this show. All of the crowds seem to be seekers after cars or after knowledge that will enable them to choose, and the proportion that has made its choice without asking for a trial ride is another novel feature. Every day of the show the weather has been unfavorable to outdoor demonstrations of the cars, and there has been much less of that sort of thing than formerly, but the purchasing has gone on just the same. All about the show are placards on cars announcing the fact of their purchase, usually by some peron prominent and well known. Those

The number of men and women well known n social and financial circles that have visited the show daily is another feature. Yesterday afternoon there were noted in the crowd Mr. and Mrs. Seymour LeGrand Cromwell, Mr. and Mrs. R. Livingston Beeckman, Mr. and Mrs. Jules Vatable, Mr. and Mrs. Sidney Dillon Ripley. There has been none of the hysteria about the show that marks the fad. What there was of this has disappeared, and the tone of the whole is more staid and settled, like that of an established institution. It is note-worthy also that while the business done has been big, it is the manufacturers of several years standing, whose product has been tried and proved, who have done the bulk of the business. There are several exhibitors who have not sold a car.

An engineer who has attended all the shows to write of the mechanical changes and improvements and who has been about among the stands day and night since last Saturday discovered yesterday a strictly new feature, although it was as conspictious as the car itself. This was an electric touring car with he motor under a hood in front and having a shaft transmission from the front to bevel gears on the rear axle. This is a distinct novelty. Said the expert.

"Every day I have found so many new things that my analysis of the whole show and the tendencies it manifests has been modified. That a novelty as striking as that bevel gear shaft on an electric should escape me until now shows how big and complicated his show is. It teems with interesting and important changes, but they are not as noticeable as formerly because the general contour of the cars has settled somewhat into types. "I have found enough to say that one of the strongest impressions made by the show stait the A jerican maker has arrived. He is beginning to stamp his cars with Yankee individuality."

A new arrival at the show yesterday was a motor his yell acquirmed with a change.

A new arrival at the show yesterday was a motor bicycle equipped with a change-speed device. These are in use abroad, but are entirely new here. There are in all eight

a motor bicycle equipped with a changespeed device. These are in use abroad, but
sre entirely new here. There are in all eight
or ten motor cycles at the show.

Another thing that arrived yesterday
and was at nearly every stand was what the
exhibitors call "the show backache." Most
of them complained of it

A private telegram was received at the
show yesterday from H. L. Boden of Waltham,
Mass, who is now at Ormond with his 60horsepower car. Mr. Boden wired that he
had run a mile in 43-1-5 seconds twice in succession. This is the first American record
to go below that of 46 seconds, made in France,
excepting the record of Henry Ford made
on ice. Mr. Boden wired also that he had
made a match race with S. D. Stevens of
Rome, N. Y. for a \$500 cup, each contributing
half toward the prize.

In connection with the racing talk came
up the subject of "doping" cars, for engines
as well as racehorses and athletes can be
"doped" so as to develop abnormal speed
for a time. For automobile engines picric
acid is used a proper mixture of it being
made with gasolene to increase the explosive
quality of the latter.

One racing man remarked that a proper
mixture of picric acid would "turn gasolene
into dynamite." However, the use of picric acid is very injurious to engines, and
the discussion turned on the question of the
ikelihood of a man taking the risk of ruining
a car costing several thousand dollars for the
sake of winning a race or breaking a record.

President Scarritt of the Automobile Club
of America said yesterday that Thomas A.
Edison was coming to the show to-night,
expressly to see the new puncture proof tire
which Mr. Scarritt thinks will solve the tire
problem and which has been described in
THE Sun.

THE SUN Hegarding the question of the Chicago show, General Manager S. A. Miles of the manufacturers' association said yesterday that he had received advices from Chicago that the work of preparing for the show is now going on in the Coliseum, and that there is no possibility of the use of the building being prevented by the authorities because of its dangerous character. Carpenters are now at work putting platforms in the gallery, he said, and a special permit had to be obtained in order to do this. The permit was obtained and signed by the Mayor, according to Mr. Miles's advices.

obtained and signed by the Mayor, according to Mr. Miles's advices.

John Farson, president of the Chicago Automobile Club, has left for home, and it is not known whether or not he made terms with the manufacturers' association. Chicago men insist that if the club there is not allowed to participate as formerly it did Mr. Farson can and will prevent the show from being held in the Coliseum.

After the show last night the annual dinner of the National Association of Automobile Manuacturers was held at the Hotel Martin. Prof. F. R. Hutten of Columbia University, Justice Julius Mayer, Col. Albert Pope and Judge Hotenkiss of Buffalo were among the speakers.

OVERFLOW SHOW.

OVERFLOW SHOW.

At the auxiliary auto show on the top floor of the Macy building there has been a fair attendance daily and, as a number of the Exhibitors will go there when the show in the Garden ends, it will be more like a national exhibition and will have the field to itself. Owing to a typographical error the number of exhibitors at the overflow show was placed to only nine when it should have been thirty-nine.

RACING AT NEW ORLEANS. Lev Dorsey Wins Handleap After a Bum

ing Match-Favorites Successful. NEW ORLEANS, Jan. 22.—It was cloudy and the track was slow at the Fair Grounds to-day. It was not much of a card and out-side of the handicap there was no enthusiasm displayed. The improvement shown by Lampoon and Caterpillar and the ride that Hennessy gave Vestry caused a lot of talk. Four of the six favorites won and the books lost heavily. The only break that the layers received was due to the victories of Rachel Ward and Hymmetus.

The handicap was the fourth event on the card and the best field of the day paraded to the post. It also produced the best finish of the afternoon, but at that many thought that the winner Lev Dorsey, would be disqualified for bumping Caterpillar opposite the grandstand and at the finish, but the only action that the stewards took was to caution Higgins on rough riding. Lev Dorsey was Higgins on rough riding. Lev Dorsey was the favorite and was played from 3 to 2 to even money at post time. After permitting Caterpillar and Bud Embry to set the pace for five furlongs, Lev Dorsey raced to the front and challenged the pacemakers. Bud Embry retired, but Caterpillar hunk on gamely. All down the stretch Caterpillar and Lev Dorsey fought it out, Lev Dorsey managing to get his head in front through the efforts of Higgins.

Gold Heels Not Nominated for World's Fair Handicap.

MEMPHIS, Tenn., Jan. 22 -- Gold Heels will not be a candidate for the \$50,000 World's Fair Handicap at St. Louis, as was expected. John Hachmeister, secretary of the St. Louis association, arrived to-day and held a conassociation, arrived to-day and held a conference with T. P. Hayes, who is handling Gold Heels, and tried to induce Hayes to enter Gold Heels for the event, but Hayes refused, giving as his reason that the entrance fee of 3750 and 3250 additional to start was too great an amount to pay for a horse that is not likely to stand training.

High Ball, the Eastern crack, Injunction, in J. W. Schorr's stable, and other good handicap horses here were also left out of the World's Fair Handicap, but Hachmeister received large entry lists in other events.

NATIONAL LEAGUE WANTS A GOOD

Dreyfuss Says There Will Be a Conflict Here in the Way of Schedule Plums -Johnson and Farrell Will Stand Firm, Asking for Fair Play-Meeting To-day

DEAL IN THIS CITY.

There is every indication at present of a clash between the two big baseball leagues The Ridgewood case has created much ill feeling, but the situation as regards the playing achedules, unless the National League backs down, is likely to bring things to

When President Johnson of the American League told yesterday that the championship season in this city would be opened by the Americans on April 14, there was consternation among the local National League men, who lost no time in making a counter statement. At the offices of the National League in the St. James Building, Dreyfuss and Ebbets, both members of the schedule committee, were on hand early for a conmonize matters. But as Johnson was confined to his bed at the Criterion Hotel, suffering from a severe cold, the confab was postponed until to-day.

When Dreyfuss was asked about the pro-posed opening of the American League season here on April 14, he said it was the plan of the National League to open here at the Polo Grounds on the same date, even if there was a conflict. He declared that the National League was determined to open the cham-pionship season in New York ahead of the Americans, come what might. Dreyfuss also stated that the New York Nationals wanted to play at the Polo Grounds on Memorial Day and that they would insist

When the two leagues got together last winter they agreed to arrange non-conflicting schedules as far as possible. The New York Nationals were allowed to open first, were also scheduled here for Memorial Day and Labor Day, and had by far the better of the

Nationals were allowed to open lirst, were also scheduled here for Memorial Day and Labor Day, and had by far the better of the arrangement.

No protest was heard from Gordon and Farrell for the reason that it was represented to them that there would be a complete change in their favor this year. This would give each club a fair break, it was argued by the peacemakers, and Gordon and Farrell remained content.

But the National League men, according to the opinion freely expressed by non-partisans yesterday, are ready to break faith. They secretly believe, it is thought, that by conflicting with the New York Americans as much as possible during the delay in getting the subway running to the new grounds, they can do some harm, as they figure that the crowds, under such circumstances, will flock to the Polo Grounds in large numbers to the detriment of their sportsmanlike rivals.

When Johnson, however, meets Dreyfuss and Ebbets to-day, he will have a perfect understanding. He would not discuss Dreyfuss's statement last night, but it is known that he will stand no chicanery. Neither will Gordon and Farrell, who conferred with Johnson at length yesterday. It is safe to say that if the National League insists on hogging matters in this city, it will find a conflict in Boston, Philadelphia and St. Louis, where the National teams are in distress.

Harry Pulliam, president of the National League, declared vesterday that as far as the Ridgewood case is concerned he could not see the necessity of a meeting of the national commission, as the decision was up to Garry Herrmann, the chairman. Johnson said, however, that Herrmann could not decide the case single handed but by that the affair would have to be passed upon the commission as a whole. Yet all of these wrangles and

would have to be passed upon the commission as a whole. Yet all of these wrangles and quarrels are carried on under the guise of peace which the National League sought last winter on bended knees.

KENNEY DOWN FIVE TIMES. Then Police Step In and Stop His Fight With Jeffords.

PHILADELPHIA, Jan. 22.—The fight last night at the Broadway Athletic Club, between Jim Jeffords and Yank Kenney, was one of those quick action affairs in which the specta-Kenney was put out in the first round or. more properly speaking, the police got mixed up in the matter, and the referee called the team. It was a game for the championship bout at an end. While it lasted the bout of the Amateur League and was played at was a ripsporter. Jeffords, who made rather the St. Nicholas Skating Rink. The final

went to Boston, Walcott's nome. They were held because they did not have sufficient money with them and it was thought they might become a public charge. The puglist, however, promised to care for them. It is understood that Cheston, who is a well built, strong lad, may become a prizefighter. Walcott's other brother, Bellfield, is a boxer, and has done very well in the ring.

Melody Prevails Again in the Prize Ring, LAWRENCE, Mass., Jan. 22.-Billy Melody of Charlestown continued his unbroker string of pugilistic victories by winning from string of puglistic victories by winning from Patsey Sweeney of Manchester before a small crowd here last evening. The bout was rather a tame one, as Sweeney was so fearful he would get knocked out that he devoted much of his time to keeping out of range of Melody's right hand joits and to clinching. In the twelve rounds that the pair battled Melody got near enough to land a few blows and received the decision on points.

NEW STANDS FOR FOOTBALL. Yale to Spend \$50,000 for Them-Changes in Baseball Plans.

NEW HAVEN, Jan. 22. - According to statement by Walter Camp this afternoon, it will be necessary to build new football stands on Yale Field within a year or so at an experse of \$50,000. A sinking fund will be im-mediately started to pay for the improvements, and \$5,000 from the football receipts of last year will be the first installment of the

This gelding, who is also a brother to Bonnibert, has been doing well in the hands of Trainer Karrick at Sheepshead Bay and has been entered in many big stake events.

That steeplechasing will be one of the features of the racing this season is shown by the list of entries received for the stake events already closed. More interest has been taken in cross country events than ever before, and not only have several new owners entered the field, but the owners of the big stables that devote their time to events of this kind have gathered in all the horses available. In the steeplechase events this year will be seen horses that last season were in the front rank on the flat, such as Ada Nay. SAYS HE WAS TAUGHT TO STEAL.

Boy Declares That Friedman Gave Him Keys and Told Him to Roba Synagogue. When William Friedman, of 41 Varet street, Williamsburg, was arraigned yeserday in the Ewen street police court, Brooklyn, on the charge of receiving stolen goods, Henry Mitter, 14 years old, declared that the prisoner had taught him to steal and had paid him small amounts for the plunder. Friedman was arrested on information furnished by the boy and the police learned that the youngster had been implicated in more than a dozen robberies.

been implicated in more than a dozen robberies.

In court the boy related that Friedman had taught him and other boys to steal and had provided them with false keys.

"All the property we stole," he said, "we took to Friedman's place and he bought it from us. He gave me a key to break into a Jewish synagogue at 93 Moore street. I went there and stole some holy articles. I took the things to Friedman's place and he gave me 40 cents and I stole things from many other places. I wouldn't have done so only Friedman kept coaxing me all the time and telling me that I wouldn't be caught. I didn't want to steal any more, so I told my mother all about it."

Friedman was held to await the action of the Grand Jury, after he had again denied the boy's story. The boy is also under arrest.

Must Pay \$25 a Year in Future. The committee on arrangements of the Consolidated Exchange has ordered that after Feb. 1 persons who wish to stand in the space adjoining the floor at the Broadway side must pay \$25 a year for the privi-lege. There has been such a large increase in the attendance on the floor that the facilities of the exchange have been taxed and the anteroom space at the Broadway side has been cut down, the space taken from it being added to the floor. Those who are likely to pay the fee of \$25 are small traders in grain who can reach their brokers at the grain ring quickly from that point.

#### HOCKEY. Crescent A. C. Defeats the New York A. C.

in a Hotly Contested Game. The hockey team of the Crescent Athletic Club kept up its victorious career last night by defeating the New York Athletic Club team. It was a game for the championship

bout at an end. While it lasted the bout was a rinsnorter. Jeffords, who made rather a poor showing against Mike Schreck last week, seemed more than anxious to get even on Kenney. Kenney went at him right at the start. Before the crowd knew just what had happened, Jeffords was wobbling.

Then they were at it again and Kenney showed that he was not in the battle to any degree, for Jeffords had struck his stride, and he was doing all kinds of things to Yank, who went down five times. Then it was all over, for the police could not see anything to the fight and advised that it be called off, which was done.

Puglilist Walcott's Mother. Brothers and Cousin Released From Ellis Island.

The mother of Joe Walcott, the negro puglilist, Mrs. Rebecca Walcott, two brothers, cheston, 16 years old, and Leonard, 12 years, and his cousin, Ethel Shepard, 16 years old, who were detained at Ellis Island on their arrival from the Barbados on the steamer Capri, were allowed to land yesterday. They went to Boston, Walcott's home. They were held because they did not have sufficient money with them and it was thought they might become a public charge. The puglist, however, promised to care for them. It is understood that Cheston, who is a well built, etcrong lad may become a prizefishire.

H. Schroeder won an easy game from M. V. Hull last night in the handleap 14-inch balk line tournament at the Knickerbocker Academy. Brooklyn. Hull failed to score a high run other than of the single figure sort, while Schroeder in four runs netted a total of \$179\$ points, or 21 points more than Hull tallied 

Columbia Defeats Wesleyan.

Columbia defeated Wesleyan at basketball last night in the Columbia gymnasium by a score of 40 to 12. The game was interesting, Wesleyan playing a stronger game than Harvard did against the Blue and White a week ago. Fisher, Hurley and Rogers played a star game for the local college, and in team work far excelled Wesleyan. The latter. work far excelled Wesleyan. The latter, however, had in MacNaughton the best centre that ever has been seen in the Columbia gymnasium. While playing against him neither Capt. O'Connell nor Marcus Hurley, the two best Columbia players, were able to do anything. The first half ended with a score of 18 to 4 in favor of Columbia. Chic Cuthel, coxswain of the 'varsity crew, got a chance to play in the second half. He was opposed by a Wesleyan football man, but managed to score a goal from the field.

SIX CENTS FOR HER WRONGS. Jury Valuation of a "Violent, Wanton, Malicious, Wilful, Cruel "Assault.

A jury in Part V. of the City Court awarded six cents damages yesterday to Mrs. Caroline Leske for injuries which she alleges her next door neighbor, Anna Sinning, inflicted on her with a stone two years ago. Back of the allegations of assault and battery in the suit is a neighbor's quarrel in which a dog, a cat, an indefinite number of chickens and ten goslings played an

important part.

The women live in a Folish section of The Bronx. Their quarrel began several years ago. Mrs. Sinning kept chickens, and Mrs. Leske a cat. According to Mrs. Sinning the cat ate the chickens.

That started it. The two women soon got into the Morrisania police court. One day a neighbor's dog came along. Mrs. Sinning said she saw one of Mrs. Leske's sons shoot the dog. The dog owner began suit for damages and Mrs. Sinning was the chief witness for the plaintiff.

Both women kept geese. Ten goslings, the chief witness for the plaintiff.

Both women kept geese. Ten goslings, ownership disputed, strayed from one yard to the other. Mrs. Leske said that the geese belonged to her and that Mrs. Sinsing came into her vard and "violently, wantonly, maliciously, wilfully, cruelly and forcibly assaulted her" Mrs. Sinning said that while she was merely driving the goslings past the plaintiff's gate, three goslings entered it and when she entered to drive them out Mrs. Les'te attacked her.

"The geese were merely an incident."

"The geese were merely an incident," said Lawyer Willoughby B. Dobbs after his client had received the six cents verdict, "but really it's a goose case all around."

SAYS COP ASKED HER FOR \$10. Woman Prisoner Declares That He Tried to Take Away Her Bracelet.

Mrs. Elizabeth Hoffman, who said that she lives at 244 East Twenty-fifth street, was in the Yorkville police court yesterday as the prisoner of Plain Clothes Man Edward Galvin of the East Twenty-second street station.
The woman told Magistrate Cornell that

she was on her way home from a visit to her physician when the detective arrested her and then told her he would let her go for \$10. She went on:

her and then told her he would let her go for \$10. She went on:

"I told him I did not have any money, and he looked at a ring on my finger and asked me if it was real gold. He took me to a saloon window to look at it and saw my chain bracelet. He said that that was gold and tried to slip it off, but it would not go over my hand. He tried to break it, saying he wanted it until I got the money. She declared that she pulled her hand away from him and he then locked her up. She did not get a bondsman.

Galvin said that the woman offered to give him \$10 if he would let her go, saying give him \$10 if he would let her go, saying she might as well pay him as to pay a fine

Magistrate Cornell turned the woman over to Miss Alice Smith, the probationary officer, and afterward discharged her, advising her to keep off the streets at night.

\$12,500 FOR FALSE ARREST. Dr. Grinnell Gets a Verdict Against Weston. Who Took Him for a Swindler.

Dr. Ashbel P. Grinnell, dean of the medical school of the University of Verment, got a verdict for \$12,500 yesterday in his suit against Edward Weston, president of the Weston Electrical Instrument Company of Newark, N. J., for false arrest. Weston mistook Dr. Grinnell for a swindler who had duped him out of \$90, and on March 22, 1901, had Dr. Grinnell and his wife arrested. They were taken to Police Headquarters and photographed, but were afterward discharged in the police court when Dr. Grinnell's identity was established.

Dr. Grinnell sued for \$50,000; Mrs. Grinnell

Yale Trounces Princeton at Basketball New Haven, Jan. 22. - Yale won her second basketball game of the intercollegiate series to-night at the Yale gymnasium, defeating Princeton by a score of 16 to 10. Both teams showed their form and Princeton's frequent fouls and hard luck were as much the cause of her defeat as any work on the part of the Yale team.
